Reach Within to Embrace Humanity

January 30, 2012

Today's Program

Today, our speaker was Ray Chandler, Chairman of Patriots Point Development Association in Charleston, SC. Patriots Point is a State Enterprise and operates with no state money. With a current budget of \$9,000,000, they are expected to show a net income increase of 10% this year according to Chandler. Home of The USS Yorktown, The Clamagore and The Laffey, Patriots Point's goal is to develop cutting-edge aeronautical and technology educational programs. In order to perpetuate this learning experience throughout South Carolina and the Southeast, Patriot Point has affiliated itself with the National Flight Academy (NFA) to establish a Center of Inspiration onboard the USS Yorktown.

CART FACTS

Alzheimer's is the sixth-leading cause of death in the country and the only cause of death among the top 10 in the United States that cannot be prevented, cured or even slowed. Based on mortality data from 2000-2008, death rates have declined for most major diseases while deaths from Alzheimer's disease have risen 66 percent during the same period.
